**Please Note:-** The world of Hydroponics and indoor growing is a vast and ever expanding market. Our price list is based on products that are reliable and popular with our customers. If you cannot find the products and equipment you require within our list then we will do our best to obtain them for you.

**We make no bogus price promises like some of our more expensive competitors but of course we want your business and can usually beat a cheaper price if one has slipped under our radar!**

This price list is updated regularly and we suggest that you check if a newer edition is available when you visit the shop.

**AND FINALLY.....GET HIGH!**

Try our recipe for **'Rocket Fuel'** and watch your plants take off! 25 Drops **Liquid Oxygen**, 36 drops **Wetting Agent**, 5ml **Nitrozyme**, 5ml **Formulex** in 1ltr of water.  
Apply as a foliar spray, when the lights are off.
